

To:
Members of the Delta Council

Please do NOT vote for the Twin Tunnels project for the Delta! Tunnels will ruin the Delta forever!

The Delta is an extremely sensitive ecological area!

Please stand strong to protect the Delta, and for preservation programs.

Please protect the different ecosystems including the salmon, other fish and water life, the birds, animals and the water quality.

The tunnels will destroy the Delta!

I understand the need for water in Southern California but please investigate other non - destructive options. The money spent on destructive tunnels could be used for other options that will not cause long term damage!

Thank you!
Sincerely,
Ms. Janice Gloe
